Integra

STACKABLE SEATING

Integra Series

The Integra Seating collection is specifically designed for intensive use applications, yet comfortable and lightweight. The chairs are molded in one piece so you don't have to worry about assembled components coming loose. These chairs are even stackable.

Armless

Features That Matter

Stackable

The unique leg shape allows the chairs to nest when they are stacked. 15 chairs can easily be stacked to a height of 7 ft.

Superior Strength

Each chair is designed with “X” ribs that are molded into the seat bottom to provide superior strength and enhance durability.

Lightweight

Weighing just 7 lbs., versatile seating arrangements can be quickly assembled and disassembled in any multi-purpose space.

Fluid Resistant

The surface material is impervious to fluids for superior infection control and easy sanitization.

Optional Dolly

An optional 3-wheel dolly is available to allow for easy transportation throughout the facility.

GreenGuard Gold Certified

The highest level of GreenGuard Certification, this product meets strict health-based criteria for VOC emissions and total chemical emissions.
