TABLE SERIES

# Laminate X-Base

---

Years ago, Norix was challenged to design an institutional-grade table that defined each person's space and hindered the passing of contraband from one individual to another on the opposite side. Our answer was the popular, rugged X-Base Table with its unique "X" base design. The X-Base Table design is used in high-security and special needs facilities all across the country.

**Square Top**  
36" and 42"

**Round Top**  
36", 42" and 48"

## Features That Matter - Laminate X-Base

### Secure Molded Edge

The molded edge is radiused for comfort and pressure fused to the extra strength top, making it permanently fixed, highly sanitary and pick resistant.

### Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

### Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff.

### Contraband Resistant

The uniquely designed "X" base creates four individually defined spaces to mitigate physical contact between users and to hinder the ability to pass contraband.

### Tamper Resistant

The base and top are securely attached with embedded T-nuts and pin-in Torx head security hardware to create a safe, steel-to-steel connection engineered to not loosen over time.

### Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without effecting the surface material or color.

# Molded X-Base

---

The Molded X-Base Table utilizes its distinctive "X" base design to provide a predetermined space for each individual, alleviating kicking concerns and mitigating opportunities to pass contraband. Subtle design details molded into the base create visual intrigue and help reinforce a welcoming environment. Complete with fully concealed hardware for tamper resistance, the Molded X-Base Table is a safe, secure option for humanizing challenging environments.

**Square Top**  
36" and 42"

**Round Top**  
42" and 48"

## Features That Matter - Molded X-Base

### Visual Intrigue

Subtle design details molded into the base create visual intrigue and help reinforce a welcoming environment.

### Contraband Resistant

The uniquely designed "X" base creates four individually defined spaces to mitigate physical contact between users and to hinder the ability to pass contraband.

### Secure Molded Edge

The molded edge is radiused for comfort and pressure fused to the extra strength top, making it permanently fixed, highly sanitary and pick resistant.

### Fully Concealed Hardware

All hardware is fully concealed to provide a safe and secure environment for both residents and staff.

### Flat Pack Shipping

This product is shipped flat packed to minimize packaging material use, improve shipping efficiency and help reduce our carbon footprint.

### Ballastable

Each section of the base is ballastable, ensuring the base maintains an even weight distribution and reducing the risk of moving or throwing.

### Rounded Edges

Smooth, rounded edges provide a pleasing aesthetic and contribute to a safe design.

### Easy Cleanability

Bleach solutions and hospital-grade cleaners can safely be used for sanitation without affecting the surface material or color.

### Extreme Durability

The heavy-duty, durable design offers enhanced safety for residents and peace of mind for staff.

### Tamper Resistant

The base and top are securely attached with embedded T-nuts and pin-in Torx head security hardware to create a safe, steel-to-steel connection engineered to not loosen over time.
